LETTER OF RECOMMENDATION

DATE: 11/02/25

I am pleased to write this letter of recommendation for Mr. Yogendra Bharadwaj, who has been a student of the B.Tech program in Computer Engineering (Batch 2020-2024) at Graphic Era (Deemed to be University). I had the privilege of knowing him during his course of study, and I can confidently say that he is one of the most diligent and talented student.

I have known Yogendra Bharadwaj since he enrolled in his Software Engineering class during his third year. He has always come up with great ideas and innovative solutions. Yogendra is an exceptionally bright and hardworking student, demonstrating a strong passion for academic excellence and research. His tenacity in analyzing complex problems, along with his ability to propose insightful and creative solutions, places him among the top undergraduate students.

He possesses excellent quantitative skills and an analytical mindset, which enable him to grasp fundamental concepts with remarkable ease. His enthusiasm for learning and his ability to ask insightful questions have consistently impressed me throughout his academic journey. Yogendra's dedication to innovation and problem-solving makes him a standout student, and I am confident that he will excel in any academic or professional endeavor he pursues.

Beyond academics, Yogendra Bharadwaj is an excellent researcher, having published multiple research papers and patents. His dedication to innovation and problem-solving is evident in his contributions to research and development. His passion for exploring new technological advancements further strengthens his potential as a promising engineer and researcher.

I strongly endorse his application for any academic or professional opportunity he seeks. I am confident that he will continue to excel and make meaningful contributions in his field. I wish him the best of luck in all his future endeavors.

Dr. Neha Tripathi
